

Friday 30th January

Dear Parents and Carers,

Holbeach Primary Academy will be taking part in the NSPCC event- Number Day- on Friday 6th February 2025.

We are excited to join the NSPCC's mascot Buddy in lots of fun activities all about numbers and discussing what numbers can be used for, what they mean to us and what they can represent.

Pupils are invited to wear non-uniform on Friday 6th February. We'd love it if your child could take part. The theme is 'Dress Up for Digits' so to join in the fun, simply wear an item of clothing with a number or numbers on it! This could be a sports cap or shirt, or even a 'onesie'. Or why not get even more creative as a dice, playing card or calculator! If your child has PE on a Friday, please ensure that they are still wearing appropriate footwear in order to take part in physical activity.

May we take this moment to thank you for all the support and donations you have generously given this academic year so far. We are not asking for donations for this event- we are dressing up simply to raise awareness of the NSPCC campaign and have fun!

Thank you for your continued support,

Ms Clayton & Mr Stanley
